TO LAND - GRABBERS.

Set of Instructions for Them to Heed.

INSANE MAN'S SUICIDE.

Critical Juncture—Will Riel be Hanged?—Washington Notes—Ferdinand Ward's Trial.

Land Grabbers, Beware.

WASHINGTON, October 23.—It is stated at the land office that under the present practice of that office, when public lands within a township are opened to entry through the filing of plats of survey, there was a rush of speculators and land grabbers who often succeeded in securing the best lands to the great injury of bona fide settlers; moreover this class of persons were able frequently to learn when the plats of survey were to be received in advance of the settlers, who were placed at a disadvantage. To correct this abuse as far as possible, the Commissioner of the Land Office has issued the following instructions to local land officers:

Hereafter, when the approved plan of survey of any township is transmitted to you by the Surveyor-General, you will not regard such plat as officially received at and filed in your office until the following regulations have been complied with:

1.—You will forthwith post a notice in a conspicuous place in your office, specifying the township that has been surveyed and stating that the plat or survey will be filed in your office on a day to be fixed by you and named in the notice, which shall be not less than thirty days from the date of such notice, and that on and after such day, you will be prepared to receive applications for the entry of lands in that township.

2.—You will also send a copy of such notice to the postmaster of the post office nearest the land and a copy to each of a court of record in your district, with a request that the same be conspicuously posted in their respective offices.

3.—You will furnish the public press in your district with copies of such notice as a matter of news.

4.—You will give such further publicity to the matter as you may deem proper, and you will charge no fee and otherwise, as you may be able to do without incurring advertising expenses.

A Strange Death.

DENVER, Col., October 23.—This morning the dead body of Jacob Kauffmann, a well-known and respectable connected musician of this city, was found on the prairie, near the orphan's home. The body was entirely nude, the back, arms, sides and legs being horribly scarified and covered with blood. Investigation revealed the fact that after undressing Kauffmann forced his way back and forth through a barbed wire fence eight times, as shown by blood and pieces of skin on the wire in different places and hand-marks on the sand beneath. The skin on nearly every part of the body hung in shreds. The coroner is satisfied that Kauffmann became suddenly insane, and held no inquest.

A Critical Juncture.

PASAMA, October 23.—News may be looked for from this country at any moment of a decisive battle between the rebel Caceres and his followers and the government forces. An encounter is inevitable, unless Caceres retires to the interior. A defeat suffered by government would probably be fatal to its existence. Its resources are not sufficient to organize another expedition of the magnitude of that now in the field. Should Caceres be badly worsted he would not be able to keep the remnants of his forces together. Commerce is at its lowest ebb in the history of Peru.

Will He Be Hanged?

TORONTO, Ont., October 23.—A special from Ottawa says: At the Cabinet meeting, yesterday, it was decided to postpone Riel's execution until November 11. The French Canadians still express confidence that Riel will not be hanged. They base their hopes on a recommendation to mercy of the Regina jury.

Who They Are.

WASHINGTON, October 23.—John C. Shields, appointed Chief Justice of the Supreme Court of Arizona, is a prominent lawyer of Howell, Michigan, about 35 years of age. Wm. H. Barnes, appointed Associate Justice of the Supreme Court of Arizona, is a lawyer of Jacksonville, Illinois, about 35 years of age.

Ferdinand Ward's Trial.

NEW YORK, October 23.—The work of obtaining a jury for the trial of Ferdinand Ward was resumed to-day. The court room was crowded to excess. Up to 1 p. m. two more jurors had been obtained, making six now in the jury box.

Burnah.

PARIS, October 23.—The Journal Des Debats, commenting on the British expedition against King Thebaw, urges the French government to protest against any sort of British annexation of Burnah.

Street Beggary.

To be a successful street beggar a man must look forlorn and debilitated, and unable to work. It would not do for a street beggar to take Brown's Iron Bitters, for that would turn him up and give him a wholesome ambition to labor, and he would have to go out of the beggary business, and do something better. Mr. Josiah Morse, Henniken, N. H., says: "I received much benefit by using Brown's Iron Bitters for general debility."

Washington Whispers.

WASHINGTON, October 23.—Secretary Manning refuses to say anything in regard to the report that Assistant-Secretary Coon had been notified that his resignation would be accepted in a few days. He intimates that all the information on that subject must come from Coon. The report finds credence in the Treasury Department, and it was even rumored that Mr. Youmans, of New York, now chief clerk of the Treasury, had been selected as Coon's successor. Youmans, however, denied the report. The Second Comptroller of the Treasury is making a thorough investigation of the accounts of Indian agents, which are reported to be in a very bad condition, and has already referred about a dozen cases to the Secretary of the Treasury for a suit to recover the balances found due the government.

First Comptroller Durham has made a decision that the head of a department cannot grant a third-class clerk leave of absence without pay, and then appoint him to another position with a larger compensation than he would have received as clerk.

Secretary Manning has made the following changes in the Register's office: Hartwell Jensen, of New York, chief of division of loans, reduced to a fourth-class clerkship; Paul Hensch, of Pennsylvania, clerk, class 4, dismissed; Thomas G. Henry, of New York, clerk, class 4, dismissed; William H. Stinson, A. B. Woodford, James Reid and Lewis Wilhelm, special agents of the Bureau of Labor, have resigned, having completed their investigations.

O. R. & N.

NEW YORK, October 23.—Directors of the Oregon Railway and Navigation Company to-day ratified the sale of \$1,500,000 five per cent. consolidated bonds. This is part of the new issue of \$15,500,000 5 per cent. bonds issued at the rate of \$25,000 per mile on 700 miles of road. The bonds sold to-day, will be used to take up \$1,200,000 of scrip certificates bearing 8 per cent. interest, one half of which mature November 1st proximo, and the other half November 1, 1886, but all of which will be paid off November 1.

Has Been Suspended.

SAN FRANCISCO, October 23.—Tucson, Arizona, special: In response to a dispatch, sent to-day to President Cleveland and Attorney-General Garland, asking for a recall of the suspension of Judge Fitzgerald, the following reply has been received from Attorney-General Garland: "Judge Fitzgerald has been suspended. His successor has been appointed and commissioned."

Of Course He Does.

NEW YORK, October 23.—The Post's Washington special says: The latest rumor as to the Civil Service Commission is that Judge Benjamin Buckner, of Louisville, who has just declined the nomination of Chief Justice of New Mexico, wishes to be a member of the commission. His friends say he approves of the civil service policy.

A Woman in It.

SAN FRANCISCO, October 23.—While B. J. Shay, prominent real estate dealer of this city, was at dinner this evening in the Nevada Restaurant with Mrs. James C. Brown, of Healdsburg, Cal., the husband of the latter walked in, drew a revolver, and fired two bullets into him. Shay's wound is believed to be fatal. Jealousy.

Began at the Wrong End.

BINGHAMTON, N. Y., October 23.—Word has been received that John Howell, a farmer, residing near Starucca, Wayne County, Pennsylvania, this afternoon, shot four of his children, ranging in age from 3 to 11 years, and then shot himself. His wife and eldest daughter were absent at the time.

Blowing up Hell Gate.

has been a laborious and costly work, but the end justifies the effort. Obstruction in any important channel means disaster. Obstructions in the organs of the human body bring inevitable disease. They must be cleared away, or physical wreck will follow. Keep the liver in order, and the pure blood courses through the body, conveying health, strength and life; let it become disordered and the channels are clogged with impurities, which result in disease and death. No other medicine equals Dr. Pierce's "Golden Medical Discovery" for acting upon the liver and purifying the blood.

To-day, Not To-morrow.

Procrastination is not only the thief of time, but of health and life. It will not do to delay; for example, with a violent cold—to-day it may be a cold and nothing more, to-morrow congestion of the lungs may have commenced, and in a week the patient may be in a dying condition. "Hale's Honey of Horehound and Tar," when taken in the early stages of all Lung and Throat diseases, is an absolute and unfailing specific. Nothing can supply its place, nothing is needed. A favorable result is guaranteed. Sold by all Druggists everywhere at 50 cents and \$1. Great saving by purchasing large size. Pike's Toothache Drops cure in one minute.

They act quickly and quickly, every bottle guaranteed to give entire satisfaction or money refunded. Sold at fifty cents a bottle by Z. C. M. I.

New York Republicans.

NEW YORK, October 23.—The Madison Square Garden was filled to suffocation to-night, at the first Republican mass meeting held in this city to endorse the State ticket. From an early hour crowds began to pour into the hall, and at the time the meeting opened fully 8,000 persons were present, among them a large number of ladies. Among the vice-presidents on the programme were: Ex-President Arthur, Senator Everts, Warner Miller, Alonzo B. Cornell, John Jacob Astor, J. Pierpont Morgan, Chauncey M. Depew, Cornelius Vanderbilt, Edward S. Pierpont, and nearly a hundred others. The platform was crowded with men eminent in the Republican party, and among the others were: Joseph H. Choate, Governor-elect Foraker, Senator Geo. F. Edmunds, Gen. Joseph Carr, Ira Davenport, Cornelius N. Bliss and others.

Mr. Bliss called the meeting to order and nominated Joseph H. Choate for chairman. After some introductory remarks by the chairman and the appointment of a long list of vice-presidents, resolutions approving the platform of the Saratoga convention and pledging the support of all Republicans to the State ticket were adopted. The chairman then introduced Governor-elect Foraker, who after a few introductory remarks of pleasant and regarding his surroundings, said: "I am not concerned in your matters of a local character, but I share the great gratification of the Republicans of the whole United States, that the character of your candidate for governor is of the highest order and makes him worthy of the Republican party; every man who wants to reform, will come on November 31, to the support of Ira T. Davenport and General Carr. We have had a victory in Ohio and I will tell you why we won that victory, because the Ohio Republicans determined to plant themselves on a platform that gave expressions to the national offices, they went out with the bands playing and flags flying, and every man standing six feet high and looking the world square in the face. Nobody was found fault because the heresy of secession had been shot to death on the battlefield, nor because the colored race had been enfranchised and specie payments resumed. John Roach, that poor old Irishman, is broken up. The Democrats have broken down one of the leading industries of the country and thrown 250,000 men out of work. While the Republican party was in power they increased the postal card, with the Goddess of Liberty printed in one corner; but our Democratic friends changed all that and issued a new card with the face of Thomas Jefferson, author of the damnable resolution which has caused all the trouble in the country since that time. There is no room in a Democratic procession for the Goddess of Liberty. It doesn't make any difference, speaking of Grover Cleveland, what kind of a man is the President, but it does make a difference what kind of party and policy there is behind him. I was greatly surprised to find in coming here the best way to approve President Cleveland was to nominate a Democratic candidate and vote for Ira Davenport. I have heard a great deal of his fine appointments, but those of the last six weeks in quantity and quality would have been enough to damn any Republican administration. You can have some idea of the Herculean labor of Cleveland, when he had to take all his appointments from the Democratic party. Foraker then paid a tribute to the Irish and German voters in the Republican ranks and said, if Parnell, with his tariff views, lived in the United States he would be a Republican. The speaker concluded as follows: "Give us a response from the State of New York on November 31, similar to that we gave in Ohio on October 13th. Gallant John Wise, in Virginia, will break the back of the solid south, so we can say we have not only Ohio and New York, but we want the whole earth, Virginia included."

A speech was also made by Senator Edmunds, and there were loud calls for Everts, and when he appeared on the platform some one in the audience called out "Hurrah for our next President!" Cheers followed this rally and the Senator excused himself from making a speech, as also did General Carr, candidate for Lieutenant-Governor. The meeting then adjourned.

How to Consult Dr. Foote, Sen., by Mail.

Dr. Foote, Senior, author of "Plain Home Talk," "Medical Common Sense," etc., etc., would say to those who would like to consult him by mail that they can have a list of questions and a circular of gratuitous advice by addressing Box 414, Salt Lake City. The doctor has arranged to have such information supplied in this way to save time. Receiving such printed matter the correspondent can describe his or her case fully and direct to the doctor in New York. Dr. Foote is successfully treating all forms of chronic diseases, a specialty to which he has devoted thirty years of study and practice. Evidence of his success can also be had by addressing Box 414, as above, but all letters of consultation and orders for remedies should be addressed to Dr. E. B. Foote, Sr., 120 Lexington Avenue, New York City, N. Y. Consultation free. An advertisement in Dr. Foote, Sen., in the Sunday and Wednesday editions deserves attention.

Warning.

It is not to be wondered at that most Americans are dyspeptics. Swallowing ice cold drinks on a hot summer day does the mischief. Why then not add ten drops of Angostura Bitters, the world-renowned tonic of exquisite flavor, and thus avoid all danger of cold in the stomach.

Medical Men of Distinction.

Have been among the foremost to give honor where honor was due in the case of Hostetter's Stomach Bitters. Abjuring old fashioned professional prejudice, they have frankly borne evidence to its worth as a means of remedying dyspepsia, fever and ague, bilious remittent, rheumatism, constipation, liver complaint, debility and renal disorders. With all intelligent people this favorable professional verdict has had its due weight, especially as it was in direct confirmation of that of the people and the press. For more effectual has it proved than any other remedy, too often resorted to by the proprietors of remedies of doubtful value. "The plain unvarnished truth" about the Bitters is a more sufficient to convince a skeptic. As a family medicine of comprehensive utility, prompt and thorough in action and pure in composition, it stands deservedly first.
